FOREWORD .....	vii
ACKNOWLEDGEMENTS .....	viii
ABBREVIATIONS .....	x
EXECUTIVE SUMMARY .....	xii
<b>1. REDUCING THE HARMFUL USE OF ALCOHOL: A KEYSTONE IN SUSTAINABLE DEVELOPMENT</b> .....	<b>2</b>
1.1 Alcohol in the context of the United Nations 2030 Agenda for Sustainable Development .....	2
1.2 Alcohol and SDG 2030 health targets .....	3
1.2.1 Reproductive, maternal, newborn, child and adolescent health .....	5
1.2.2 Infectious diseases .....	6
1.2.2.1 Risky sexual behaviour and sexually transmitted infections .....	7
1.2.2.2 Viral hepatitis .....	7
1.2.2.3 Tuberculosis .....	8
1.2.3 Major noncommunicable diseases .....	8
1.2.3.1 Cardiovascular diseases .....	8
1.2.3.2 Cancers .....	8
1.2.3.3 Liver diseases .....	9
1.2.4 Alcohol and mental health .....	10
1.2.4.1 Alcohol intoxication .....	11
1.2.5 Injuries, violence, homicides and poisonings .....	12
1.2.5.1 Injuries .....	12
1.2.5.2 Traffic injuries .....	12
1.2.5.3 Aggression and violence .....	12
1.2.5.4 Homicides .....	13
1.2.5.5 Alcohol poisoning .....	13
1.3 Alcohol and inequalities – across countries and within society .....	14
1.3.1 Drinking versus abstention: variations by socioeconomic level within a society and across societies .....	14
1.3.2 Variations in amount and pattern of drinking by status within a society ..	14
1.3.3 Patterns of change in drinking with economic development in a society ..	15
1.3.4 Health harm from alcohol use: less for more affluent drinkers .....	15
1.3.5 “Harm per litre” is greater for the poor than for the affluent in a given society .....	16
1.3.6 “Harm per litre” and socioeconomic development of societies .....	18
1.4 Alcohol and use of other psychoactive substances .....	19

<b>2. GLOBAL STRATEGIES, ACTION PLANS AND MONITORING FRAMEWORKS</b>	<b>24</b>
<b>2.1 Global strategies and action plans</b>	<b>24</b>
2.1.1 Regulation of alcohol and other psychoactive substances at international level	24
2.1.2 Global strategy to reduce the harmful use of alcohol (WHO, 2010)	25
2.1.3 Alcohol in global strategies and action plans on NCDs and mental health	27
<b>2.2 Global monitoring frameworks</b>	<b>28</b>
2.2.1 Global and regional information systems on alcohol and health	29
2.2.2 The NCD Global Monitoring Framework	30
2.2.3 Tracking progress in achieving the sustainable development goals	31
<b>2.3 Key indicators for global monitoring frameworks on alcohol and health</b>	<b>31</b>
<b>2.4 National monitoring systems and their key components</b>	<b>32</b>
<b>3. ALCOHOL CONSUMPTION</b>	<b>38</b>
<b>3.1 Levels of consumption</b>	<b>38</b>
3.1.1 Current drinking and abstinence rates	39
3.1.2 Total alcohol per capita consumption (APC)	41
3.1.3 Total alcohol per capita consumption (APC) among drinkers	42
3.1.4 Unrecorded alcohol consumption	43
3.1.5 Trends in current drinking and abstinence	44
3.1.6 Trends in total alcohol per capita consumption (APC)	45
3.1.7 Trends in total alcohol consumption among drinkers	46
<b>3.2 Patterns of drinking</b>	<b>46</b>
3.2.1 Most consumed beverages	46
3.2.2 Heavy episodic drinking (HED)	47
<b>3.3 Factors that have an impact on alcohol consumption</b>	<b>49</b>
3.3.1 Alcohol use in young people	49
3.3.2 Alcohol use in women	54
3.3.3 Economic wealth	56
<b>3.4 Projections of alcohol consumption up to 2025</b>	<b>58</b>
<b>4. HEALTH CONSEQUENCES</b>	<b>62</b>
<b>4.1 Changes in our understanding of the health consequences of alcohol consumption</b>	<b>63</b>
<b>4.2 Alcohol-attributable mortality and the burden of disease</b>	<b>63</b>
4.2.1 The alcohol-attributable burden of infectious diseases	67
4.2.2 The alcohol-attributable burden of noncommunicable diseases	69
4.2.2.1 Malignant neoplasms	69
4.2.2.2 Diabetes mellitus	71
4.2.2.3 Alcohol use disorders, alcohol poisonings and fetal alcohol syndrome	72
4.2.2.4 Epilepsy and other neuropsychiatric disorders	73
4.2.2.5 Cardiovascular diseases	73
4.2.2.6 Digestive diseases	75
4.2.3 The alcohol-attributable burden of injuries	76
4.2.4 Factors that have an impact on health consequences	78
4.2.4.1 Impact by age	78
4.2.4.2 Impact by gender	80
4.2.4.3 Impact by economic status	82
<b>4.3 Trends in the alcohol-attributable health burden, 2010–2016</b>	<b>84</b>

<b>5. ALCOHOL POLICY AND INTERVENTIONS</b>	<b>88</b>
<b>5.1 Situation analysis</b>	<b>88</b>
5.1.1 Leadership, awareness and commitment	88
5.1.1.1 Written national policies	89
5.1.1.2 Nationwide awareness-raising activities	92
5.1.2 Health services' response	93
5.1.3 Community action	94
5.1.4 Drink-driving countermeasures	95
5.1.4.1 Blood alcohol concentration limits	95
5.1.4.2 Drink-driving prevention measures	97
5.1.4.3 Drink-driving penalties	98
5.1.5 Regulating the availability of alcohol	99
5.1.5.1 National control of production and sale of alcohol	99
5.1.5.2 Restrictions on on-premise and off-premise sales of alcoholic beverages	100
5.1.5.3 National minimum age for purchase	101
5.1.5.4 Restrictions on drinking in public	103
5.1.6 Marketing restrictions	104
5.1.6.1 Restrictions on alcohol advertising	105
5.1.6.2 Regulations on alcohol product placement	107
5.1.6.3 Regulation of alcohol sales promotions	107
5.1.6.4 Methods of detecting infringements of marketing restrictions	108
5.1.7 Pricing	108
5.1.8 Reducing the negative consequences of drinking	110
5.1.8.1 Responsible beverage service (RBS) training	110
5.1.8.2 Labels on alcohol containers	111
5.1.9 Addressing informal and illicit production	112
5.1.9.1 Inclusion of informal or illicit production in national alcohol policies	113
5.1.9.2 Methods used to track informal or illicit alcohol	113
5.1.10 Monitoring and surveillance	113
5.1.10.1 National surveys on alcohol consumption	113
5.1.10.2 Legal definition of alcoholic beverages	114
5.1.10.3 National monitoring systems	115
<b>5.2 Progress since the Global strategy to reduce the harmful use of alcohol</b>	<b>115</b>
5.2.1 Trends in pricing policies	116
5.2.2 Trends in marketing restrictions on alcoholic beverages	116
5.2.3 Trends in regulations of physical availability of alcohol	116
5.2.4 Trends in written national alcohol policies	117
5.2.5 Trends in drink-driving policies and countermeasures	118
5.2.6 Trends in reducing the negative consequences of drinking	120
5.2.7 Trends in health services' response	120
<b>5.3 Population coverage of the "best buys" policy areas</b>	<b>120</b>
5.3.1 Taxation and pricing policies	120
5.3.2 Regulating physical availability	121
5.3.3 Restricting alcohol marketing	123

<b>6. REDUCING THE HARMFUL USE OF ALCOHOL: A PUBLIC HEALTH IMPERATIVE</b>	<b>126</b>
6.1 Progress in alcohol consumption, alcohol-related harm and policy responses	126
6.2 Challenges in reducing the harmful use of alcohol	129
6.2.1 The challenges of a multisectoral approach, its coordination and focus on the role of health sector	129
6.2.2 The growing concentration and globalization of economic actors and strong influence of commercial interests	130
6.2.3 The cultural position of drinking and corresponding concepts and behaviours	131
6.3 Opportunities for reducing the harmful use of alcohol	131
6.3.1 Building on the decrease in youth alcohol consumption in many high- and middle-income countries and increased health consciousness in populations	132
6.3.2 Building on recognition of the role of alcohol control policies in reducing health and gender inequalities	132
6.3.3 Building on the evidence of cost-effectiveness of alcohol control measures	134
6.4 The way forward: priority areas at the global level	134
6.4.1 Public health advocacy, partnership and dialogue	135
6.4.2 Technical support and capacity-building	136
6.4.3 Production and dissemination of knowledge	136
6.4.4 Resource mobilization	136
6.5 Conclusion	137
<b>COUNTRY PROFILES</b>	<b>139</b>
<b>APPENDIX I– ALCOHOL CONSUMPTION</b>	<b>341</b>
<b>APPENDIX II– HEALTH CONSEQUENCES</b>	<b>365</b>
<b>APPENDIX III– INDICATORS RELATED TO ALCOHOL POLICY AND INTERVENTIONS</b>	<b>373</b>
<b>APPENDIX IV– DATA SOURCES AND METHODS</b>	<b>397</b>
