In any use of this work, there should be no suggestion that WHO endorses any specific organization, products or services. The use of the WHO logo is not permitted. If you adapt the work, then you must license your work under the same or equivalent Creative Commons licence. If you create a translation of this work, you should add the following disclaimer along with the suggested citation: "This translation was not created by the World Health Organization (WHO). WHO is not responsible for the content or accuracy of this translation. The original English edition shall be the binding and authentic edition".

Any mediation relating to disputes arising under the licence shall be conducted in accordance with the mediation rules of the World Intellectual Property Organization.

Suggested citation. WHO recommendations on home-based records for maternal, newborn and child health. Geneva: World Health Organization; 2018. Licence: [CC BY-NC-SA 3.0 IGO](https://creativecommons.org/licenses/by-nc-sa/3.0/igo).

Cataloguing-in-Publication (CIP) data. CIP data are available at <http://apps.who.int/iris>.

Sales, rights and licensing. To purchase WHO publications, see <http://apps.who.int/bookorders>. To submit requests for commercial use and queries on rights and licensing, see <http://www.who.int/about/licensing>.

Third-party materials. If you wish to reuse material from this work that is attributed to a third party, such as tables, figures or images, it is your responsibility to determine whether permission is needed for that reuse and to obtain permission from the copyright holder. The risk of claims resulting from infringement of any third-party-owned component in the work rests solely with the user.

General disclaimers. The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of WHO concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted and dashed lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by WHO in preference to others of a similar nature that are not mentioned. Errors and omissions expected, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by WHO to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall WHO be liable for damages arising from its use.

Acknowledgements

The World Health Organization (WHO) Departments of Maternal, Newborn, Child and Adolescent Health (MCA), Immunization, Vaccines and Biologicals (IVB), and Reproductive Health and Research (RHR) gratefully acknowledge the contributions that many individuals and organizations have made to the guideline development process on home-based records for maternal, newborn and child health. We would particularly like to thank the members of the Guideline Development Group and the Technical Working Group for their dedicated effort. Sincere thanks are extended to Maria Ximena Rojas-Reyes for chairing the technical consultation. Annex 2 lists all the contributors involved.

We gratefully acknowledge the funding support received from Japan International Cooperation Agency (JICA). The views of the funding body did not influence the content of this guideline.

Acronyms and abbreviations

ANC	antenatal care
ANC4	antenatal care (four visits)
APGAR	appearance, pulse, grimace, activity and respiration score
ARI	acute respiratory infection
CASP	Critical Appraisal Skills Programme
CERQual	Confidence in the Evidence from Reviews of Qualitative research
CI	confidence interval
DOI	declaration of interests
DTP3	diphtheria-tetanus-pertussis immunization 3 doses
EPI	Expanded Programme on Immunization
EtD	Evidence to Decision
GDG	Guideline Development Group
GER	WHO Department of Gender, Equity and Human Rights
GRADE	Grading of Recommendations Assessment, Development and Evaluation
HIV	human immunodeficiency virus
IER	WHO Department of Innovation, Information, Evidence and Research
IVB	WHO Department of Immunization, Vaccines and Biologicals
JICA	Japan International Cooperation Agency
MCA	WHO Department of Maternal, Newborn, Child and Adolescent Health
MCH	maternal and child health
MD	mean difference
M&E	monitoring and evaluation
MNCH	maternal, newborn and child health
NHD	WHO Department of Nutrition for Health and Development
OHCHR	United Nations Office of the High Commissioner for Human Rights
OR	odds ratio
PICO	population (P), intervention (I), comparator (C), outcome (O)
