Sales, rights and licensing. To purchase WHO publications, see <http://apps.who.int/bookorders>. To submit requests for commercial use and queries on rights and licensing, see <http://www.who.int/about/licensing>.

Third-party materials. If you wish to reuse material from this work that is attributed to a third party, such as tables, figures or images, it is your responsibility to determine whether permission is needed for that reuse and to obtain permission from the copyright holder. The risk of claims resulting from infringement of any third-party-owned component in the work rests solely with the user.

General disclaimers. The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of WHO concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted and dashed lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by WHO in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by WHO to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall WHO be liable for damages arising from its use.

CONTENTS

Acknowledgements	iii
Abbreviations.....	iv
1. Introduction	1
2. Background on snail control	2
3. Phase 1: Planning a snail control programme using molluscicides	3
3.1 Secure national regulatory approval for use of molluscicides	3
3.2 Integrate a snail control intervention in the schistosomiasis control programme	3
3.3 Establish a team responsible for snail control	6
3.4 Build capacity of personnel involved in snail control	6
3.5 Select molluscicide intervention sites	7
3.6 Order equipment for molluscicide application and allocate budget	9
3.7 Ensure communication and information dissemination	10
4. Phase 2: The intervention – snail sampling and application of molluscicides	11
4.1 Molluscicides	11
4.2 When to apply molluscicides	14
4.3 How to apply molluscicides -	15
5. Phase 3: Monitoring and evaluation of mollusciciding activities	18
5.1 Snail sampling, identification and parasite monitoring	18
5.2 Use of sentinel site for determining molluscicide effectiveness	20
5.3 Parasitological information	20
5.4 Resistance to molluscicides	20
References	21
Annex 1. Form for field collection of snails	24
Annex 2. Cercarial shedding form	26
Annex 3. Niclosamide application form	27
Annex 4. Protocol for the collection of snails and shedding of cercariae for storage onto FTA cards	29
Annex 5. Application of niclosamide in static and flowing habitats	32

Acknowledgements

The World Health Organization (WHO) is sincerely grateful to the following people who contributed to the review and finalization of this manual:

Said Mohamed Ali (Public Health Laboratory Ivo de Carneri, Pemba, Zanzibar, United Republic of Tanzania), Fiona Allan (Natural History Museum, London, United Kingdom), Irene Ayi (College of Health Sciences, University of Ghana, Accra, Ghana), Fabrice Chandre (IRD MiVEGEC, Montpellier, France), Paulo Marcos Zech Coelho (Oswaldo Cruz Foundation, Belo Horizonte, Minas Gerais, Brazil), Ahmed Kader EL-Hawary (Theodor Bilharz Research Institute, Giza, Egypt), Dai Jiamrong (Jiangsu Institute of Parasitic Diseases, Jiangsu, China), Curtis Kariuki (Kenya Methodist University, Nairobi, Kenya), Eliezer Kouakou Ngoran (Université de Cocody, Abidjan, Côte d'Ivoire), Henry Madsen (Faculty of Health and Medical Sciences, University of Copenhagen, Denmark), Saleh Juma Mohammed (Ministry of Health, Zanzibar, United Republic of Tanzania), Helene Mone (University of Perpignan, France), Pie Mueller (Swiss Tropical and Public Health Institute, Basel, Switzerland), Richard Oxborough (Doncaster, United Kingdom), David Rollinson (Natural History Museum, London, United Kingdom), Wang Tianping (Anhui Institute of Parasitic Diseases, Anhui, China), Zhang Yi (Chinese Center for Disease Control and Prevention, Shanghai, China), Yaobi Zhang (Helen Keller International, Dakar, Sénégal) and Xiao-Nong Zhou (Chinese Center for Disease Control and Prevention, Shanghai, China).

The manual was prepared by the following WHO technical staff: Dr Amadou Garba Djir-may, Dr Rajpal Singh Yadav and Dr Jiagang Guo.

Abbreviations

GIS	geographical information system
GPS	global positioning system
FTA	fast technology for analysis (a paper filter used to enhance the preservation of nucleic acids)
DP	dry powder
EC	emulsifiable concentrate
GR	granule formulation
MDA	mass drug administration
SC	suspension concentrate
WP	wettable powder
WHOPES	WHO Pesticide Evaluation Scheme
WHO	World Health Organization
