Acronyms .....	v
1. Welcome by Team Leader, Global Leprosy Programme (GLP) .....	1
2. Opening remarks by Dr H J S Kawuma, Chairperson of TAG .....	1
3. Status of implementation of recommendations from the 12th meeting of WHO TAG on leprosy control by GLP and discussions on matters arising.....	1
3.1 TAG recommends interventions such as demonstration sites/projects to determine feasibility and effectiveness of chemoprophylaxis in programme conditions. This should follow the establishment of a viable and sustainable system of contact examination. (Reference to recommendations of Eighth WHO Expert Committee on Leprosy, 2012, Report # 968).....	2
3.2 Preliminary results of multicentric study on Uniform Multidrug Therapy (U-MDT) are encouraging and might possibly lead to making leprosy treatment simpler. TAG awaits the final report, which is due in 2015 .....	2
3.3 TAG recommends continuation and expansion of the efforts of global surveillance of drug resistance even though resistance in relapse does not currently appear to be a major problem. TAG also recommends development of a system by each country programme for identification and follow-up of relapse cases .....	3
3.4 Integration of leprosy with other Neglected Tropical Disease (NTD) control programmes may improve collaborative resource mobilization and its effective utilization. There is a need for further clarification and orientation on the process at the global, regional and national levels .....	3
3.5 Declining expertise in the face of reducing leprosy burden poses a serious challenge to programme preparedness and sustainability. Capacity-building in clinical and programme management should become an integral part of regional and national plans.....	4
3.6 TAG reiterates the importance of participation of people affected by leprosy in leprosy services. Serious attention needs to be given to developing partnerships with people affected by leprosy and facilitate their involvement in key domains of leprosy programmes and services .....	4
3.7 TAG recommends to WHO to adopt the 'Guidelines to clarify the WHO Three-Grade Disability Grading System' for programme use .....	5

3.8	TAG reiterates the need for a critical look at the current global leprosy information system through a working group for better programme monitoring and suggests wider use of additional indicators, including coverage of contact examination and grade 2 disabilities among children.....	5
3.9	TAG recommends GLP to form working groups.....	6
4.	Approval of report on 12th WHO TAG meeting, 11–12 April 2014, Brazzaville, Republic of Congo – Dr H J S Kawuma.....	7
5.	Endorsement of the ‘Global Leprosy Strategy 2016–2020’ – Dr H J S Kawuma .....	7
6.	Global leprosy strategy and tools for implementation – GLP.....	7
7.	Discussion on chemotherapy in leprosy – GLP.....	8
8.	Discussion on data management and monitoring – GLP.....	8
9.	Antimicrobial resistance surveillance in leprosy – present status and further steps – GLP.....	9
10.	Conclusions and recommendations from the 13th meeting of WHO TAG on leprosy control.....	9
11.	Closing session – Team leader, GLP .....	10

## Annexes

1.	Agenda.....	11
2.	List of participants.....	12
3.	Background and objectives .....	13

## Acronyms

GLP	Global Leprosy Programme
G2D	grade-2 disabilities
ILEP	International Federation of Anti-leprosy Associations
LPEP	leprosy post-exposure prophylaxis
MDT	multidrug therapy
NTD	neglected tropical disease
SEAR	South-East Asia Region
SMHF	Sasakawa Memorial Health Foundation
U-MDT	uniform multidrug therapy
WER	Weekly Epidemiological Record
WHO	World Health Organization
TAG	Technical Advisory Group
