Requests for publications, or for permission to reproduce or translate WHO publications – whether for sale or for noncommercial distribution – can be obtained from SEARO Library, World Health Organization, Regional Office for South-East Asia, Indraprastha Estate, Mahatma Gandhi Marg, New Delhi 110 002, India (fax: +91 11 23370197; e-mail: [searolibrary@who.int](mailto:searolibrary@who.int)).

The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of the World Health Organization concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by the World Health Organization in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by the World Health Organization to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall the World Health Organization be liable for damages arising from its use.

This publication does not necessarily represent the decisions or policies of the World Health Organization.

The publication of this document was supported by the Australian Government and the Bill & Melinda Gates Foundation.

## Contents

Acronyms .....	vi
1. Surveillance and response in malaria control, elimination and prevention of reintroduction strategies: MMP context .....	1
2. MMPs in the GMS: context within malaria programmes.....	4
3. Creating an enabling environment for a sustainable malaria surveillance and response: MMP context .....	8
4. Surveillance systems for GMS.....	18
5. Conclusions.....	25

### Annexes

1. Definition of mobile and migrant populations by GMS countries.....	27
2. Example of case investigation form (to be simplified for routine surveillance).....	30

## Acronyms

ACT	Artemisinin combination therapy
ASEAN	Association of Southeast Asian Nations
BCC	Behaviour change communication
CAP-Malaria	Control and prevention of malaria project
CBM	Community-based management; Cross border malaria
CNM	Cambodia National Malaria Control programme
DOT	Directly observed treatment
FFP	Free-forward program
FSAT	Focal screening and treatment
GDP	Gross domestic product
GMS	Greater Mekong subregion
IEC	Information, education and communication
IHRs	International Health Regulations
IDP	Internally displaced population
IPD	Inpatient department
MBDS	Mekong basin disease surveillance
MC	Malaria consortium
MED	Most essential data
MDA	Mass drug administration
MDR	Multidrug resistance
MMP	Mobile and migrant populations
MMW	Mobile malaria worker
MoD	Ministry of Defence
MSAT	Mass screening and treatment
NGO	Nongovernmental organization
NMCP	National malaria control programme
