Requests for publications, or for permission to reproduce or translate WHO publications – whether for sale or for noncommercial distribution – can be obtained from SEARO Library, World Health Organization, Regional Office for South-East Asia, Indraprastha Estate, Mahatma Gandhi Marg, New Delhi 110 002, India (fax: +91 11 23370197; e-mail: searolibrary@who.int).

The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of the World Health Organization concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by the World Health Organization in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by the World Health Organization to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall the World Health Organization be liable for damages arising from its use.

This publication does not necessarily represent the decisions or policies of the World Health Organization.

The publication of this document was supported by the Australian Government and the Bill & Melinda Gates Foundation.

Wayne Stinson, Independent Consultant [Author]

Bayo Fatunmbi, WHO ERAR Surveillance, Monitoring and Evaluation

Catherine Smith, University of Queensland

Deyer Gopinath, WHO ERAR Malaria and Border Health

Glaister Leslie, Malaria Consortium

Jaime Calderon, International Organization of Migration,

National Malaria Control Programs in the six Greater Mekong subregion countries

Nigoon Jitthai, USAID Regional Development Mission for Asia, Bangkok

Soy-Ty Kheang, Chief of Party/Regional Director PMI/ USAID Control and Prevention of Malaria (CAP-M)

Contents

Acronyms	vi
1. Introduction.....	1
1.1 Who are MMPs, and why should we study them?.....	1
1.2 What is a study?	2
1.3 Audience and format of this toolkit.....	3
2. The “Decision-tree” approach to survey management.....	4
2.1 Decide on your primary objective	4
2.2 Ask if a formal study is the best way to get required information.....	7
2.3 Consider methodological options	8
3. Overview of different study methodologies.....	11
3.1 If your objective is to generate quantitative indicators.....	11
3.2 If your objective is to identify MMP clusters, target those most at risk and quantify seasonal numbers	12
3.3 If your objective is to improve programme effectiveness... ..	13
3.4 If your objective is to improve continuity... ..	15
4. Information to action	17
5. The decision-tree algorithm	19

Annexes

1. Systems analyses.....	21
2. Programme effectiveness studies	23
3. Population-based surveys	26
4. Migrant mapping and risk analysis	29
Bibliography	31

Acronyms

BCC	Behaviour change communication
ERAR	Emergency Response to Artemisinin Resistance
GMS	Greater Mekong Subregion
GPS	Global Positioning Satellite
IEC	Information, education and communication
IRS	Indoor Residual Spraying
ITN	Insecticide Treated Net
LLIN	Long-lasting insecticide treated net
MARC	Myanmar Artemisinin Resistance Containment
MMPs	Mobile and migrant populations
PMI	President's Malaria Initiative
PSI	Population Services International
RBM	Roll Back Malaria
SME	Surveillance, Monitoring and Evaluation
