All rights reserved. Publications of the World Health Organization are available on the WHO website (www.who.int) or can be purchased from WHO Press, World Health Organization, 20 Avenue Appia, 1211 Geneva 27, Switzerland (tel.: +41 22 791 3264; fax: +41 22 791 4857; e-mail: bookorders@who.int).

Requests for permission to reproduce or translate WHO publications –whether for sale or for non-commercial distribution– should be addressed to WHO Press through the WHO website (www.who.int/about/licensing/copyright_form/en/index.html).

The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of the World Health Organization concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted and dashed lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by the World Health Organization in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by the World Health Organization to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall the World Health Organization be liable for damages arising from its use.

Acknowledgements

The World Health Organization (WHO) would like to thank the members of the Guideline Development Group for their constant availability and hard work on developing this updated guideline. WHO is also grateful to the Methods Group from McMaster University and the External Review Group for their essential contributions. The names of the participants in each group, as well as those of the writers and editor involved in this project are listed in Annex 1.

Participants and contributors

WHO also wishes to express sincere gratitude for the financial contributions from the following agencies; without this support, the production of this guide would not have been possible:

- Centers for Disease Control and Prevention (CDC; Atlanta, GA, USA)
- Flanders International Cooperation Agency (FICA)
- GAVI Alliance
- Health Canada, through the Canadian Partnership Against Cancer (Toronto, Canada)
- Institut National du Cancer (INCa; Paris, France)
- United States President's Emergency Plan for AIDS Relief (PEPFAR; Washington, DC, USA)
