Requests for permission to reproduce or translate WHO publications –whether for sale or for non-commercial distribution– should be addressed to WHO Press through the WHO web site (www.who.int/about/licensing/copyright_form/en/index.html).

The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of the World Health Organization concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by the World Health Organization in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by the World Health Organization to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall the World Health Organization be liable for damages arising from its use.

Acknowledgements

This project was financially supported by the Bill & Melinda Gates Foundation (BMGF) (Project ID: 45312). The World Health Organization's Department of Control of Neglected Tropical Diseases (WHO/NTD) gratefully acknowledges this support and extends its special thanks to Dr Kathryn Aultman, former Senior Programme Officer, BMGF Infectious Diseases, and Mr Peter Berry, Lead Programme Coordinator, BMGF Infectious Diseases, for their continued support throughout the project's implementation.

The department also expresses its sincere thanks and appreciation to the many individuals in WHO Member States and in WHO regional and country offices for their important contribution to this work.

The following individuals are gratefully acknowledged for their assistance in facilitating the implementation of the project and for their valuable guidance and advice:

- Dr Birkinsh Ameneshewa, WHO Regional Office for Africa, Harare, Zimbabwe
- Dr Hoda Atta, WHO Regional Office for the Eastern Mediterranean, Cairo, Egypt
- Dr Eva Christophel and Dr Jeffrey Hii, WHO Regional Office for the Western Pacific, Manila, Philippines

- Dr Vincent Corbel, Kasetsart University, Bangkok, Thailand
- Dr Aditya Prasad Dash, WHO Regional Office for South-East Asia, New Delhi, India
- Dr Mark Davis, Food and Agriculture Organization of the United Nations (FAO), Rome, Italy
- Dr Mikhail Ejov, WHO Regional Office for Europe, Copenhagen, Denmark
- Dr Abraham Mnzava, Global Malaria Programme, WHO, Geneva, Switzerland
- Dr Markus Müller, Swiss Federal Research Station, Wädenswil, Switzerland
- Dr Olivier Pigeon, Walloon Agricultural Research Centre, Gembloux, Belgium
- Dr Agnes Soares da Silva, WHO Regional Office for the Americas, Washington, USA
- Mr Soo Hian Tan, Kuala Lumpur, Malaysia
- Mr Harold van der Valk, Werkendam, The Netherlands

The department sincerely thanks Dr Morteza Zaim and Dr Rajpal Singh Yadav, the responsible technical officers of the project in WHO/NTD, and Dr Henk van den Berg (Templin, Germany), Dr Zaim and Dr Yadav for their assistance in preparing this report.
