Requests for permission to reproduce or translate WHO publications—whether for sale or for non-commercial distribution—should be addressed to WHO Press through the WHO web site (www.who.int/about/licensing/copyright_form/en/index.html).

The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of the World Health Organization concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by the World Health Organization in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by the World Health Organization to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall the World Health Organization be liable for damages arising from its use.

CONTENTS

ACKNOWLEDGEMENTS	vii
INTRODUCTION	1

CHAPTER 1

A legal framework for road safety laws and regulations	3
1.1 Laws and regulations relevant to road safety	5
1.2 Factors that influence legislative action on road safety	6
1.2.1 Recent trends in injuries and fatalities	7
1.2.2 Social norms and values	7
1.2.3 Financial, human and other resources	7
1.3 Influence of different sectors on road safety laws and regulations	8
1.4 Importance of timing in bringing about change	9
1.5 Resources for bringing about change	9
1.6 References	12

CHAPTER 2

Assessing and improving laws and regulations	15
2.1 Conducting an institutional assessment	18
2.2 Reviewing national laws and regulations	19
2.3 Assessing the gaps in laws and regulations	20
2.4 Improving the comprehensiveness of laws and regulations	24
2.4.1 Ensure that laws and regulations are based on evidence	24
2.4.2 Ensure that laws and regulations include appropriate provisions for enforcement	25
2.4.3 Ensure that laws and regulations include appropriate penalties	28
2.5 References	30

CHAPTER 3

Practice and resources. 33

3.1 Improving the comprehensiveness of laws relating to specific risk factors . 35

3.1.1 Speed 36

3.1.2 Drink-driving 39

3.1.3 Motorcycle helmets 43

3.1.4 Seat-belts 46

3.1.5 Child restraints 49

3.2 Improving the comprehensiveness of laws relevant to post-crash care . . . 52

3.3 References 55

CHAPTER 4

Advocating for legislative and regulatory change. 59

4.1 Identify the issue to be addressed 61

4.2 Set advocacy goals and objectives. 61

4.3 Know the political landscape 61

4.3.1 Understand the legislative (or regulatory) process 62

4.3.2 Map stakeholders. 62

4.4 Design and convey effective messages 65

4.5 Cultivate policy champions, and build strong partnerships 65

4.6 Create an action plan, implement and monitor progress. 65

4.7 References 68

Conclusion. 69

ANNEX OF LAWS

Annex of laws	71

ACKNOWLEDGEMENTS

The writing and production of the manual was coordinated by Evelyn Murphy, with technical oversight and input provided by Etienne Krug, Margaret Peden and Meleckidzedek Khayesi. We also acknowledge the input of colleagues in the World Health Organization (WHO) department of Violence and Injury Prevention and Disability: Elena Altieri, Allison Harvey, David Meddings, Thomas Shakespeare, Laura Sminkey and Tami Toroyan. Special thanks are due to Pascale Lanvers-Casasola for administrative assistance.

We acknowledge the contributions of colleagues in WHO country offices: Jonathan Passmore (Viet Nam), Victor Pavarino (Brazil), Eugenia Maria Rodriguez (WHO Regional Office for the Americas) and Francesco Zambon (the Russian Federation).

WHO gratefully acknowledges the technical contributions to this manual made by: Matts-Åke Belin, Gayle DiPietro, Moira Donahue, Anthony Greene, Gopalakrishna Gururaj, Christopher Jones, Olive Kobusingye, Luiz Otávio Maciel, Hiwote Mikonnen, Teresa Senserick, David Sleet, Kent Stevens, Sanjivi Sundar, Joël Valmain and Kiragu Wachira.

The manual also benefited from the contributions of Elizabeth Heseltine, editor, Ana Jiménez and Núria Comellas Pastallé, Art'n Visual Design graphic designers, and Ms Ann Morgan, proofreader.

Finally, WHO gratefully acknowledges the financial contributions from Bloomberg Philanthropies that made preparation and publication of this manual possible.
