Publications of the World Health Organization are available on the WHO web site (www.who.int) or can be purchased from WHO Press, World Health Organization, 20 Avenue Appia, 1211 Geneva 27, Switzerland (tel.: +41 22 791 3264; fax: +41 22 791 4857; e-mail: bookorders@who.int). Requests for permission to reproduce or translate WHO publications – whether for sale or for non-commercial distribution – should be addressed to WHO Press through the WHO web site (www.who.int/about/licensing/copyright_form/en/index.html).

The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of the World Health Organization concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by the World Health Organization in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by the World Health Organization to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall the World Health Organization be liable for damages arising from its use.

Acknowledgements

The preparation of this report was coordinated by Dr Carmen Casanovas, Department of Nutrition for Health and Development and Mr Marcus Stahlhofer, Department of Maternal, Newborn, Child and Adolescent Health under the supervision of Dr Francesco Branca, Director, Department of Nutrition for Health and Development, World Health Organization (WHO), Geneva, Switzerland. A preliminary draft was written by Mr Alessandro Iellamo and Mr Rene Raya, independent consultants from the Philippines. Most of the data presented in this document was shared directly by WHO Member States, Associate Members and other countries or areas, as articulated in individual country reports and completed questionnaires.

Technical inputs were provided by Dr Juan Pablo Peña-Rosas from the Department of Nutrition for Health and Development, and Dr Bernadette Daelmans and Dr Elizabeth Mason from the Department of Maternal, Newborn, Child and Adolescent Health, WHO, and from Mr David Clark, Nutrition Specialist (Legal), Programme Division, UNICEF, New York, United States of America. We would like to thank internal and external reviewers, particularly Dr Peggy Henderson who edited the draft version of this report. All individuals involved in the preparation of this publication completed a WHO Declaration of Interest, and it was considered that none had a perceived or real conflict of interests.

Financial support

WHO thanks the Government of Luxembourg and Micronutrient Initiative for providing financial support for this work.
