Publications of the World Health Organization are available on the WHO web site (www.who.int) or can be purchased from WHO Press, World Health Organization, 20 Avenue Appia, 1211 Geneva 27, Switzerland (tel.: +41 22 791 3264; fax: +41 22 791 4857; e-mail: bookorders@who.int). Requests for permission to reproduce or translate WHO publications – whether for sale or for noncommercial distribution – should be addressed to WHO Press through the WHO web site (http://www.who.int/about/licensing/copyright_form/en/index.html).

The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of the World Health Organization concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by the World Health Organization in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by the World Health Organization to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall the World Health Organization be liable for damages arising from its use.

Contents

| | |
|---|-------------|
| Foreword | ix |
| Preface | xi |
| Acknowledgements | xiii |
| List of contributors | xv |
| Introduction | xxi |
| Understanding disability | 1 |
| What is disability? | 3 |
| Environment | 4 |
| The diversity of disability | 7 |
| Prevention | 8 |
| Disability and human rights | 9 |
| Disability and development | 10 |
| Disability – a global picture | 19 |
| Measuring disability | 21 |
| Prevalence of disability – difficulties in functioning | 24 |
| Country-reported disability prevalence | 25 |
| Global estimates of disability prevalence | 25 |
| Health conditions | 32 |
| Trends in health conditions associated with disability | 32 |
| Demographics | 34 |
| Older persons | 34 |
| Children | 36 |
| The environment | 37 |
| Health conditions are affected by environmental factors | 37 |
| Disability and poverty | 39 |
| Developed countries | 39 |
| Developing countries | 39 |
| Needs for services and assistance | 40 |

| | |
|---|------------|
| Costs of disability | 42 |
| Direct costs of disability | 43 |
| Indirect costs | 44 |
| Conclusion and recommendations | 44 |
| Adopt the ICF | 45 |
| Improve national disability statistics | 45 |
| Improve the comparability of data | 46 |
| Develop appropriate tools and fill the research gaps | 46 |
| | |
| General health care | 55 |
| Understanding the health of people with disabilities | 57 |
| Primary health conditions | 57 |
| Risk of developing secondary conditions | 58 |
| Risk of developing co-morbid conditions | 59 |
| Greater vulnerability to age-related conditions | 59 |
| Increased rates of health risk behaviours | 59 |
| Greater risk of being exposed to violence | 59 |
| Higher risk of unintentional injury | 60 |
| Higher risk of premature death | 60 |
| Needs and unmet needs | 60 |
| Addressing barriers to health care | 62 |
| Reforming policy and legislation | 65 |
| Addressing barriers to financing and affordability | 66 |
| Addressing barriers to service delivery | 70 |
| Addressing human resource barriers | 77 |
| Filling gaps in data and research | 80 |
| Conclusion and recommendations | 81 |
| Policy and legislation | 82 |
| Financing and affordability | 82 |
| Service delivery | 82 |
| Human resources | 83 |
| Data and research | 83 |
| | |
| Rehabilitation | 93 |
| Understanding rehabilitation | 95 |
| Rehabilitation measures and outcomes | 95 |
| Rehabilitation medicine | 97 |
| Therapy | 100 |
| Assistive technologies | 101 |
| Rehabilitation settings | 101 |
| Needs and unmet needs | 102 |
| Addressing barriers to rehabilitation | 103 |
| Reforming policies, laws, and delivery systems | 104 |
| National rehabilitation plans and improved collaboration | 105 |
| Developing funding mechanisms for rehabilitation | 106 |

| | |
|---|------------|
| Increasing human resources for rehabilitation | 108 |
| Expanding education and training | 110 |
| Training existing health-care personnel in rehabilitation | 111 |
| Building training capacity | 112 |
| Curricula content | 112 |
| Recruiting and retaining rehabilitation personnel | 112 |
| Expanding and decentralizing service delivery | 114 |
| Coordinated multidisciplinary rehabilitation | 114 |
| Community-delivered services | 114 |
| Increasing the use and affordability of technology | 117 |
| Assistive devices | 117 |
| Telerehabilitation | 118 |
| Expanding research and evidence-based practice | 119 |
| Information and good practice guidelines | 120 |
| Research, data, and information | 121 |
| Conclusion and recommendations | 121 |
| Policies and regulatory mechanisms | 122 |
| Financing | 122 |
| Human resources | 122 |
| Service delivery | 122 |
| Technology | 123 |
| Research and evidence-based practice | 123 |
| | |
| Assistance and support | 135 |
| Understanding assistance and support | 138 |
| When are assistance and support required? | 139 |
| Needs and unmet needs | 139 |
| Social and demographic factors affecting demand and supply | 140 |
| Consequences for caregivers of unmet need for formal support services | 141 |
| Provision of assistance and support | 142 |
| Barriers to assistance and support | 144 |
| Lack of funding | 144 |
| Lack of adequate human resources | 144 |
| Inappropriate policies and institutional frameworks | 145 |
| Inadequate and unresponsive services | 145 |
| Poor service coordination | 145 |
| Awareness, attitudes, and abuse | 147 |
| Addressing the barriers to assistance and support | 147 |
| Achieving successful deinstitutionalization | 147 |
| Creating a framework for commissioning effective support services | 149 |
| Funding services | 149 |
| Assessing individual needs | 150 |
| Regulating providers | 151 |
| Supporting public-private-voluntary services | 151 |

| | |
|--|------------|
| Coordinating flexible service provision | 152 |
| Building capacity of caregivers and service users | 155 |
| Developing community-based rehabilitation and community home-based care | 156 |
| Including assistance and support in disability policies and action plans | 156 |
| Conclusion and recommendations | 157 |
| Support people to live and participate in the community | 157 |
| Foster development of the support services infrastructure | 157 |
| Ensure maximum consumer choice and control | 158 |
| Support families as assistance and support providers | 158 |
| Step up training and capacity building | 158 |
| Improve the quality of services | 159 |
| Enabling environments | 167 |
| Understanding access to physical and information environments | 170 |
| Addressing the barriers in buildings and roads | 172 |
| Developing effective policies | 173 |
| Improving standards | 173 |
| Enforcing laws and regulations | 175 |
| The lead agency | 175 |
| Monitoring | 175 |
| Education and campaigning | 176 |
| Adopting universal design | 177 |
| Addressing the barriers in public transportation | 178 |
| Improving policies | 179 |
| Providing special transport services and accessible taxis | 179 |
| Universal design and removing physical barriers | 180 |
| Assuring continuity in the travel chain | 182 |
| Improving education and training | 183 |
| Barriers to information and communication | 183 |
| Inaccessibility | 184 |
| Lack of regulation | 185 |
| Cost | 185 |
| Pace of technological change | 186 |
| Addressing the barriers to information and technology | 186 |
| Legislation and legal action | 186 |
| Standards | 188 |
| Policy and programmes | 189 |
| Procurement | 190 |
| Universal design | 191 |
| Action by industry | 191 |
| Role of nongovernmental organizations | 192 |

| | |
|---|------------|
| Conclusion and recommendations | 193 |
| Across domains of the environment | 193 |
| Public accommodations – building and roads | 194 |
| Transportation | 194 |
| Accessible information and communication | 195 |
| Education | 203 |
| Educational participation and children with disability | 206 |
| Understanding education and disability | 209 |
| Approaches to educating children with disabilities | 210 |
| Outcomes | 211 |
| Barriers to education for children with disabilities | 212 |
| System-wide problems | 212 |
| School problems | 215 |
| Addressing barriers to education | 216 |
| System-wide interventions | 217 |
| School interventions | 220 |
| The role of communities, families, disabled people, and children with disabilities | 223 |
| Conclusion and recommendations | 225 |
| Formulate clear policies and improve data and information | 226 |
| Adopt strategies to promote inclusion | 226 |
| Provide specialist services, where necessary | 227 |
| Support participation | 227 |
| Work and employment | 233 |
| Understanding labour markets | 236 |
| Participation in the labour market | 236 |
| Employment rates | 237 |
| Types of employment | 238 |
| Wages | 239 |
| Barriers to entering the labour market | 239 |
| Lack of access | 239 |
| Misconceptions about disability | 240 |
| Discrimination | 240 |
| Overprotection in labour laws | 240 |
| Addressing the barriers to work and employment | 240 |
| Laws and regulations | 240 |
| Tailored interventions | 241 |
| Vocational rehabilitation and training | 245 |
| Self-employment and microfinance | 247 |
| Social protection | 248 |
| Working to change attitudes | 249 |

| | |
|--|------------|
| Conclusion and recommendations | 250 |
| Governments | 251 |
| Employers | 251 |
| Other organizations: NGOs including disabled people’s organizations, microfinance institutions, and trade unions | 252 |
| The way forward: recommendations | 259 |
| Disability: a global concern | 261 |
| What do we know about people with disabilities? | 261 |
| What are the disabling barriers? | 262 |
| How are the lives of people with disabilities affected? | 263 |
| Recommendations | 263 |
| Recommendation 1: Enable access to all mainstream policies, systems and services | 264 |
| Recommendation 2: Invest in specific programmes and services for people with disabilities | 265 |
| Recommendation 3: Adopt a national disability strategy and plan of action | 265 |
| Recommendation 4: Involve people with disabilities | 265 |
| Recommendation 5: Improve human resource capacity | 266 |
| Recommendation 6: Provide adequate funding and improve affordability | 266 |
| Recommendation 7: Increase public awareness and understanding of disability | 267 |
| Recommendation 8: Improve disability data collection | 267 |
| Recommendation 9: Strengthen and support research on disability | 267 |
| Conclusion | 268 |
| Translating recommendations into action | 268 |
| Technical appendix A | 271 |
| Technical appendix B | 281 |
