

Handbook for Inspection of Ships and Issuance of Ship Sanitation Certificates

World Health
Organization

International Health Regulations (2005)

This Handbook for Inspection of Ships and Issuance of Ship Sanitation Certificates provides guidance for preparing and performing ship inspection, completing the certificates and applying public health measures within the framework of International Health Regulations (2005). It is intended to be used as reference material for port health officers, regulators, ship operators and other competent authorities in charge of implementing the health measures onboard ships.
