<b>Foreword .....</b>	<b>ix</b>
<b>Acknowledgements.....</b>	<b>xi</b>
<b>Acronyms and abbreviations .....</b>	<b>xiii</b>
<b>Executive summary .....</b>	<b>xv</b>
Implementing priority WASH practices .....	xv
Including WASH in global and national HIV/AIDS policy and guidance .....	xvi
Integrating WASH–HIV programmes .....	xvii
<b>1 Introduction .....</b>	<b>1</b>
1.1 Overview .....	1
1.1.1 Purpose and scope .....	2
1.1.2 Target audience .....	2
1.1.3 Objectives.....	2
1.1.4 Structure of this document .....	2
1.2 Background.....	3
1.2.1 Evidence for the importance of WASH .....	3
1.2.2 Burden of unsafe water and sanitation .....	6
1.2.3 Effective WASH approaches.....	8
<b>2 Priority WASH practices to integrate into national HIV/AIDS programmes.....</b>	<b>11</b>
2.1 Treat drinking water .....	11
2.1.1 Chlorination systems.....	12
2.1.2 Solar disinfection.....	13
2.1.3 Boiling .....	13
2.1.4 Filtration.....	14
2.2 Store treated drinking water safely.....	14
2.3 Promote hand washing .....	15
2.3.1 Guidance and training on hand washing .....	15

	2.3.2	Hand-washing stations and supplies .....	16
2.4		Handle and dispose of faeces safely.....	16
	2.4.1	Clients with bowel control and mobility.....	17
	2.4.2	Clients with bowel control but mobility problems.....	17
	2.4.3	Clients who are bedbound.....	19
	2.4.4	Clients (including children) lacking bowel control.....	19
2.5		Manage menstruation .....	19
2.6		Prepare, handle and store food safely.....	20
	2.6.1	Special food hygiene behaviours for infants and young children .....	21
2.7		Ensure personal cleanliness of PLHIV and the surrounding environment.....	22
2.8		A recommended approach to improvement of WASH practices.....	23
	2.8.1	Make it possible.....	24
	2.8.2	Negotiate improved practice .....	25
3		Including WASH in national HIV/AIDS policies and related materials .....	27
	3.1	Integrating WASH into global HIV/AIDS policy and guidance.....	28
	3.2	Integrating WASH into country HIV/AIDS policy and guidance .....	29
	3.3	Improving WASH guidance .....	31
	3.2.1	Water access.....	31
	3.2.2	Water quantity .....	31
	3.2.3	Water quality.....	32
	3.2.4	Sanitation access.....	32
	3.2.5	Sanitation, hygiene and hand-washing knowledge and practice.....	33
4		Language to use when including WASH in national HIV/AIDS policies and related materials.....	35
	4.1	Types of material .....	35
	4.1.1	Policies.....	35

	4.1.2	Guidelines .....	35
	4.1.3	Standards of practice.....	36
	4.1.4	Handbooks .....	36
	4.2	Sample text .....	36
5		Programme approaches for WASH–HIV integration .....	39
	5.1	Coordination with water and sanitation sectors .....	43
		5.1.1 Integrating HIV considerations into water supply and sanitation activities.....	43
	5.2	Monitoring and evaluation.....	45
	5.3	Case studies .....	49
		5.3.1 Ethiopia – integrating WASH into HIV programmes.....	49
		5.3.2 Kenya – household water treatment for home-based care workers.....	50
		5.3.3 Kenya – safe water systems and hand- washing stations in schools .....	51
		5.3.4 Malawi – paving the road to health with small doable actions.....	51
		5.3.5 Malawi – AIDS drinking water project.....	53
		5.3.6 South Africa – leveraging external resources for water and sanitation infrastructure .....	54
		5.3.7 Uganda – WASH commodities, training and technical assistance.....	54
		5.3.8 Uganda – integrating WASH into HIV/AIDS home-based care programming .....	55
		5.3.9 Vietnam – integration of safe water systems and health communications in care and support services .....	56
	5.4	Conclusion.....	57

Bibliography and further reading.....	59
Annex 1 Process development and affiliations of all group members.....	73
Annex 2 Why WASH?: examining the existing research.....	79
Annex 3 Job aids.....	87
Annex 4 Things to get the community talking about and acting against stigma.....	99
Annex 5 Small doable actions chart.....	103
Annex 6 Competencies of home-based care workers in hygiene at household level.....	109
Glossary.....	111

## Tables

Table 1.1 Basic water needs of people living with HIV and AIDS.....	4
Table 1.2 WASH actions that support different HIV programmes.....	10
Table 2.1 Factors influencing WASH behaviour.....	24
Table 5.1 Illustrative programme approaches.....	40
Table 5.2 Suggestions for integrating HIV considerations into water and sanitation sector plans and programmes.....	45
Table 5.3 Illustrative indicators and objectives that can be used to measure integration activities.....	47
Table A5.1 Small doable actions chart.....	104

Boxes

Box 1.1	Evidence from programme evaluations .....	9
Box 2.1	Encouraging proper water treatment and storage practices .....	15
Box 2.2	What is a small doable action? .....	25
Box 2.3	Illustrative small doable actions for safe water treatment and storage .....	25
Box 3.1	Criteria for assessing and improving the WASH component of country policies, guidelines and handbooks .....	30
