## CONTENTS

Acknowledgements	v
Risk Assessment Drafting Group	vii
Reviewers	ix
Foreword	xiii
Abbreviations used in the text	xv
 EXECUTIVE SUMMARY OF THE MAIN REPORT	 xvii
 1. INTRODUCTION	 1
1.1 Scope and objectives of the risk assessment	1
2. APPROACHES	3
3. HAZARD IDENTIFICATION	5
4. HAZARD CHARACTERIZATION [DOSE-RESPONSE RELATIONSHIP]	7
4.1 Severity of listeriosis	7
4.2 Foods associated with listeriosis	8
4.3 Review of existing dose-response relationships for <i>L. monocytogenes</i>	8
4.4 Exponential dose-response models developed for the present risk assessment	12
4.4.1 Principle	12
4.4.2 r-values for Risk Characterization and the CCFH questions	14
5. SAMPLE RISK ASSESSMENTS OF SELECTED RTE FOODS	17
5.1 Exposure Assessment	17
5.1.1 Contamination at retail	18
5.1.2 Growth before consumption	18
5.1.3 Consumption	19
5.1.4 Output from the exposure assessment	20
5.2 Risk Characterization	20
5.2.1 Case studies	20
6. QUESTIONS FROM CCFH THAT WERE SPECIFICALLY ADDRESSED BY THE RISK ASSESSMENT	23
6.1 Introduction	23
6.2 Question 1	23
6.3 Question 2	28
6.4 Question 3	30

6.4.1 Growth rates in foods	31
6.4.2 Comparison of four foods	33
6.4.3 What-if scenarios	33
6.4.4 Summary	36
7. KEY FINDINGS	37
8. LIMITATIONS AND CAVEATS	39
9. GAPS IN DATA	41
10. RECOMMENDATIONS FOR FUTURE RISK ASSESSMENTS	43
11. REFERENCES	45

## Acknowledgements

The Food and Agriculture Organization of the United Nations and the World Health Organization would like to express their appreciation to all those who contributed to the preparation of this report. Special appreciation is extended to the risk assessment drafting group for the time and effort that they freely dedicated to the elaboration of this risk assessment. Many people provided their time and expertise by reviewing the report and providing their comments, additional data and other relevant information. Both the risk assessment drafting group and the reviewers are listed in the following pages.

Appreciation is also extended to all those who responded to the calls for data that were issued by FAO and WHO and brought to our attention data which is not readily available in the mainstream literature and official documentation.

The risk assessment work was co-ordinated by the Joint FAO/WHO Secretariat on Risk Assessment of Microbiological Hazards in Foods. This included Sarah Cahill, Maria de Lourdes Costarrica and Jean Louis Jouve in FAO and Peter Karim Ben Embarek, Allan Hogue, Jocelyne Rocourt, Hajime Toyofuku and Jørgen Schlundt in WHO. During the development of the risk assessment additional support and feedback were provided by Lahsen Ababouch and Hector Lupin, Fishery Industries Division in FAO and Jeronimas Maskeliunas, Codex Secretariat. Publication of the report was coordinated by Sarah Cahill. Thorgeir Lawrence was responsible for editing the report for language and preparation for printing.

The preparatory work and the publication was supported and funded by the FAO Food Quality and Standards Service, the FAO Fishery Industries Division and the WHO Food Safety Department.
