Acknowledgements .....	v
Abbreviations .....	vi
Key observations .....	vii
1. Background .....	1
1.1 Patient safety as a global health priority.....	1
1.2 Objective of the rapid review and target audience .....	1
1.3 Methodology .....	2
1.4 Outline of the rapid review .....	2
2. Introduction .....	4
3. Transformative changes .....	6
3.1 Leadership and culture.....	6
3.2 Vaccines, diagnostics and therapeutics.....	6
3.3 Service delivery transformations .....	6
3.4 Awareness of overall health, self-care and digital literacy.....	7
3.5 Health worker safety.....	7
3.6 Industrial developments.....	7
3.7 Digital transformations and innovations .....	7
3.8 Overall approach to managing the pandemic.....	7
4. Safety risks and harm implications .....	9
4.1 Health services .....	9
4.1.1 Health care-associated infections .....	10
4.1.2 Medication safety .....	11
4.1.3 Diagnostic errors.....	12
4.1.4 Surgical safety.....	12
4.1.5 Patient falls .....	12
4.1.6 Pressure injuries .....	13

4.1.7	COVID-19 immunization errors .....	13
4.1.8	Antimicrobial resistance.....	13
4.1.9	Other hospital-associated risks .....	13
4.1.10	Telehealth-related risks and harm .....	13
4.1.11	Safety concerns from COVID-19 diagnostic testing .....	14
4.1.12	Collateral effects of care disruption .....	14
4.1.13	Diagnostic and treatment delays from deferred acute care .....	15
4.1.14	Diagnostic and treatment delays from disruptions in routine care .....	16
4.1.15	Impact from disruptions in preventive care, screening and immunization programmes .....	16
4.2	Health and safety of health workers.....	17
4.3	Patients, families and communities, including inequities .....	19
4.3.1	Equity considerations.....	20
4.3.2	Impact on patients in long-term care settings .....	21
4.3.3	Impacts due to visitation policies.....	22
4.3.4	Mental health impacts on the public from isolation and enforcement of specific public health and social measures .....	22
4.3.5	Linkage between poor mental health and avoidable harm .....	22
4.3.6	Post-COVID-19 condition .....	23
4.4	Leadership, governance and financing .....	23
4.5	Communication and management of health information .....	24
4.5.1	Risks and harm from an infodemic of incorrect information .....	24
4.5.2	Health data and information management .....	25
4.6	Development and supply chain of medical products, vaccines and technologies .....	26
5.	Key considerations.....	27
5.1	Summary of the findings .....	27
5.2	Limitations .....	28
5.3	Opportunities to build on lessons learned from the pandemic.....	29
	References.....	30
