GENEVA, 15 JUNE 2006

The General Conference of the International Labour Organization,  
Having been convened at Geneva by the Governing Body of the

International Labour Organization as set out in its Constitution,  
and

Recognizing that occupational injuries, diseases and deaths have a  
negative effect on productivity and on economic and social  
development, and

Noting paragraph III(g) of the Declaration of Philadelphia, which

at Work and its Follow-Up, 1998, and

of the International Labour Organization's agenda of decent work  
for all, and

Recalling the Conclusions concerning ILO standards-related activities  
in the area of occupational safety and health — a global strategy,  
adopted by the International Labour Conference at its 91st  
Session (2003), in particular relating to ensuring that priority be  
given to occupational safety and health in national agendas, and

Stressing the importance of the continuous promotion of a national  
preventative safety and health culture, and

occupational safety and health, which is the fourth item on the
